AGREEMENT ON AUTHORSHIP AND RIGHTS IN THE WORK "Playground Life"

This Agreement (the "**Agreement**") is made on **____ _____ 20____**, in Prishtina, between:

(1) Erion Beka, of **Str. Zekeria Cana, House No. 4, Laxha e Profesoreve, Prishtina, Republic of Kosovo** (the "**Author**"); and

(2) the natural persons whose names appear in the signature blocks at the end of this document, each individually (a "**Confirming Party**");

where the Author and the Confirming Parties are together the "**Parties**" and each a "**Party**".

INTRODUCTION: WHAT THIS DOCUMENT IS AND IS NOT

This is a **clarifying agreement**. It does not create a new project, it does not incorporate a company, and it does not assert any claim against anyone. Its purpose is simple and sincere: to record in writing, calmly and respectfully, what the Parties already know — that **the rights in the software work "Playground Life" belong to the Author**, who created the work himself.

This document does not seek to deny the value of the Parties' shared experience at the hackathon, does not aim to diminish anyone's participation, and contains no blame. On the contrary, it acknowledges with gratitude the shared experience and each person's effort in that context, while clarifying, precisely, who created the work and to whom its rights belong.

This document is **not** a demand for money, it is not a lawsuit, and it is not a profit-sharing agreement. It takes away no one's friendship, respect or good memories of work done together; it deals only with the legal rights in the Work, as is required for legal certainty and to protect the future of the Work.

PREAMBLE AND SPIRIT OF THE DOCUMENT

This Agreement is made in good faith, in the spirit of honesty, mutual respect and the preservation of good relations between the people who cooperated around the **pristina.innovate.healthcare** hackathon.

The purpose of this document is **not** to create disputes, criticism or distance between the Parties. On the contrary, its purpose is to clarify, fairly and courteously, what all the Parties already know about the rights in the Work, so that no one is left uncertain about the future and so that the Parties' friendship and cooperation remain intact. This is a document of clarification and gratitude, not of accusation.

The Parties make this Agreement on the conviction that **stating the truth plainly is an act of respect**, that good relationships are strengthened when rights are clear, and that silent ambiguities are what, over time, spoil friendships. This document is therefore, in essence, an act of care for the shared future and for the Work.

Recitals:

(A) the Parties took part and worked together as a group at the **pristina.innovate.healthcare** hackathon (04–06 April 2025, Prishtina), organised by **HealthCare Futurists GmbH**;

(B) some of the Parties knew one another before that event; this Agreement does not seek to describe how, when or in what circumstances the Parties became acquainted, and does not state that they became acquainted at that event;

(C) during that event the group shared ideas, held discussions and prepared a presentation; on stage, on behalf of the group, the presentation was delivered by one of the Confirming Parties, who spoke before the audience;

(D) only slides and a few illustrative images were presented at that event; no application, source code or working version of the Work was submitted;

(E) the development of the Work in its current form began after the end of that event, around April 2026, and therefore the Work is not a hackathon submission;

(F) under the Law, copyright in a work arises automatically on its creation, without registration or any other formality, and the author is the natural person who created the work;

(G) the shared participation brought a valuable experience, recognition and a prize, which the Parties shared and value (see Article 12);

(H) the Parties wish to preserve good relations, respect each person's effort and avoid any possible misunderstanding about the rights in the Work;

(I) the Author wishes to secure full clarity and legal certainty over the ownership of the Work, so that he may continue developing, exploiting and commercialising it without hindrance and without ambiguity in the future;

(J) the Confirming Parties wish to confirm honestly that, apart from the participation and presentation described above, they have made no Creative Contribution in relation to the Work;

(K) the Parties accept that this document constitutes no criticism, diminishes no one's participation and is not intended to harm anyone's dignity;

(L) each Party signs this Agreement freely and without compulsion, having had a reasonable opportunity to obtain independent legal advice;

(M) the Parties express their gratitude for the shared experience and wish the Work, and each of them, success on their own path; and

(N) this Agreement is made in the spirit of good faith, for the purposes of clarity and proof, and the Parties agree that it shall always be interpreted in that spirit.

The Parties have agreed as follows:

Article 1 — DEFINITIONS AND INTERPRETATION

1.1 For the purposes of this Agreement, the following terms have the meanings set out below:

- **(a) "the Law"** — **Law No. 08/L-205 on Copyright and Related Rights** (Official Gazette of the Republic of Kosovo No. 22/2023, 12 October 2023; in force 27 October 2023), which repealed Law No. 04/L-065, Law No. 05/L-047 and Law No. 06/L-120.
- **(b) "the Law on Obligations"** — **Law No. 04/L-077 on Obligational Relationships** (Official Gazette No. 16/2012, 19 June 2012).
- **(c) "the Work"** — the software work known as "Playground Life" and all of its component elements, in any form or medium, including: the source and object code and software components; the architecture, models, diagrams and technical documentation; the databases, schema and configurations; the user interfaces (UI/UX), graphic design, icons, logos and visual style; the texts, labels, content and manuals; the images, sounds, animations and digital assets; the algorithms, business logic and embedded know-how; the

presentation materials and images prepared for the hackathon, to the extent they relate to the Work; and any subsequent version, variant, copy or update of them.

- **(d) "the Rights"** — copyright, moral rights, the exclusive economic rights under Article 23 of the Law, remuneration rights, related rights where applicable, and any other intellectual property right in any jurisdiction.
- **(e) "Creative Contribution"** — any creative, original and personal effort that directly contributes to the creation of the Work, within the meaning of Articles 7 and 9 of the Law.
- **(f) "Non-Creative Contribution"** — any activity that does not amount to a Creative Contribution, as illustrated in Article 7, including participation, communication, suggestions and organisational or logistical activities.
- **(g) "Confidential Information"** — the contents of this Agreement and any non-public information relating to the Work, including code, design, plans and embedded know-how.
- **(h) "Participation Benefit"** — the experience, recognition and any material reward received from the shared participation in the hackathon, including the share of the prize referred to in Article 12.
- **(i) "Symbolic Consideration"** — the symbolic sum of one (1) euro referred to in Article 12.
- **(j) "the Event"** — the pristina.innovate.healthcare hackathon, held in Prishtina on 04–06 April 2025.
- **(k) "AI Tools"** — artificial-intelligence tools used by the Author in creating the Work, as disclosed in the provenance documentation.
- **(l) "Third Party"** — any person or entity that is not a Party to this Agreement.
- **(m) "Professional Advisers"** — a Party's legal, tax, financial or professional advisers, who are bound by confidentiality.
- **(n) "Day"** — a calendar day, except where expressly stated as a "business day".

1.2 Article and clause headings are for convenience only and do not affect interpretation.

1.3 Words in the singular include the plural and vice versa; words in the masculine gender include the feminine gender, as the context requires.

1.4 References to laws are to those laws as in force, including any amendment, supplement or replacement.

1.5 References to "writing" include communication by email and any other durable recorded form, where the context permits.

Article 2 — SUBJECT MATTER AND SCOPE

2.1 The subject matter of this Agreement is the clear, complete and irrevocable determination of the legal position of the rights in the Work between the Parties.

2.2 The Agreement regulates, in particular: (a) confirmation of the Author's authorship; (b) confirmation that the Confirming Parties have made no Creative Contribution; (c) assignment to the Author of any right that may belong to them; (d) waiver of any claim and non-challenge; and (e) the Parties' related obligations and the means of protecting the durability of these provisions.

2.3 This Agreement applies only to the Work identified in this document and does not extend to other works, past or future, that the Parties may have created together or separately.

2.4 This Agreement does not affect any right that cannot be waived under law, nor any right that a third party may legitimately hold outside this Agreement.

2.5 This Agreement does not transfer ownership of physical assets, equipment or devices; it deals only with the intellectual property rights in the Work.

Article 3 — PURPOSE

3.1 The primary purpose of the Parties is to confirm and secure, fully and irrevocably, that the rights in the Work belong to the Author, and to prevent any possible ambiguity or dispute concerning them.

3.2 The secondary purpose of the Parties is to preserve good relations and friendship between them, and to recognise with respect each person's participation in the shared experience.

3.3 The Parties intend this document to serve as clear and durable evidence of their will and of the state of the rights, so that no Party is faced with unexpected claims in the future.

3.4 The Parties agree that the above purposes shall guide the interpretation of this Agreement should any of its provisions be unclear.

Article 4 — PRINCIPLES AND SPIRIT OF THE AGREEMENT

4.1 The Parties make and perform this Agreement in accordance with the principle of good faith and fairness (Article 4 of the Law on Obligations).

4.2 The Parties act with honesty, transparency and mutual respect, and cooperate in good faith to give full effect to this Agreement.

4.3 This Agreement is interpreted in the spirit of fairness and respect, bearing in mind that the Parties value each person's effort, whatever place that effort occupies in law.

4.4 In case of ambiguity, the provisions of this Agreement are interpreted so as to give the Author the widest scope of assignment permitted by the Law.

4.5 No provision of this Agreement is to be interpreted so as to deny or diminish the value of any Party's participation, experience or non-creative contribution during the Event.

4.6 The Parties accept that this document creates no obligations beyond those expressed in it, and that every obligation is interpreted reasonably and fairly.

Article 5 — BACKGROUND OF THE COOPERATION AND ROLES

5.1 The Parties confirm that they took part and cooperated as a group at the **pristina.innovate.healthcare** hackathon, held in Prishtina on 04–06 April 2025 and organised by HealthCare Futurists GmbH.

5.2 During that event the group shared thoughts, discussed ideas and prepared a presentation. On stage, on behalf of the group, the presentation was delivered by one of the Confirming Parties, who spoke before the public. That participation, and the courage to represent the group, are sincerely appreciated by all the Parties.

5.3 The shared participation in that event brought a valuable experience, recognition and a prize. The Parties value these and regard them as a fine part of their cooperation (see Article 12).

5.4 For clarity, the Parties accept that this document is not intended to describe how the Parties became acquainted, nor the earlier circumstances of their relationships. What matters for this Agreement is solely the fact of the cooperation during the Event and the roles described in this Article.

5.5 The Parties' roles during the Event were as follows: (a) the Author was the person who, after the Event, created and developed the entire software work; (b) one of the Confirming Parties delivered the presentation on

stage; and (c) the other Confirming Parties took part in the group, in the discussions and in the general preparation of materials.

5.6 The Parties accept that, notwithstanding the value of the shared experience, the work of creating, architecting, coding, designing and documenting the Work was carried out only by the Author, as described in Article 6.

5.7 Apart from the participation and presentation described in clauses 5.2, 5.3 and 5.5, the Confirming Parties have carried out no other tasks in relation to the Work, as further described in Article 7.

5.8 This Article is intended only to reflect the background and roles honestly and respectfully, without blame and without diminishment.

Article 6 — THE AUTHOR'S CONTRIBUTION AND AUTHORSHIP

6.1 The Author has created by himself, independently, originally and personally, the software work and its component elements known as **"Playground Life"** (the Work), having invested in it his time, knowledge, skill, creative effort and resources.

6.2 The Author's creative contribution includes, without limitation: the idea and conception of the Work; the architecture and structure of the system; the writing, editing and debugging of all source code; the design of the user interfaces and visual style; the creation of icons, images, sounds and assets; the structuring of data and configurations; testing, debugging and continuous improvement; and the preparation of the technical and user documentation.

6.3 The Author is the natural person who created the Work. Within the meaning of Articles 7 and 15 of the Law, the copyright in the Work belongs to him and arises automatically on the creation of the Work, with no need for registration or any other formality.

6.4 The Parties note that, under Article 8 of the Law, the person whose name ordinarily appears on a work is presumed to be the author; that presumption is further reinforced by this document and by the Author's separate authorship declaration.

6.5 The Parties accept that the Work is the fruit of the creative effort of the Author alone and that, under Article 9 of the Law, joint authorship requires a joint creative effort; no such effort has existed in relation to the Work.

6.6 The Author has created and holds all rights in the Work, including economic and moral rights, free and unencumbered by any claim of the Confirming Parties.

6.7 The Author retains the full right to continue developing, exploiting and commercialising the Work, and the Parties support this wholeheartedly.

6.8 No provision of this document may be interpreted as a statement that any Confirming Party has made a Creative Contribution to the Work.

Article 7 — ABSENCE OF CREATIVE CONTRIBUTION BY THE CONFIRMING PARTIES

7.1 Each Confirming Party confirms, honestly and of their own free will, that, apart from the group participation and the on-stage presentation described in Article 5, they have carried out no task and made no Creative Contribution in relation to the Work.

7.2 Without limitation, the Confirming Parties confirm that they have not taken part in: the conception and architecture of the Work; the writing or editing of source code; graphic or interface design; the structuring of

data; technical testing; or the preparation of technical documentation.

7.3 For the avoidance of doubt, the following do not constitute a Creative Contribution, within the meaning of the Law: participation in a group or a hackathon; the exchange of ideas, suggestions or comments; attendance at meetings and communications; the presentation of materials prepared by the Author; the testing or use of the Work; and logistical, administrative, financial or organisational activities.

7.4 Each Confirming Party confirms that they have not been engaged by the Author and have not entered into any employment, commission or contractual relationship with him in relation to the Work.

7.5 Each Confirming Party confirms that they have not funded, co-owned or contributed to the costs of creating or developing the Work.

7.6 Each Confirming Party confirms that they have not given binding creative instructions, made decisions on the design or functionality of the Work, or exercised control over its development.

7.7 Each Confirming Party confirms that they were aware of the creation and development of the Work by the Author and did not object to it at any time.

7.8 If any Confirming Party considers that they made any contribution that might amount to a Creative Contribution, they undertake to declare it in writing and honestly in their signature block or by separate notice.

7.9 This confirmation constitutes no criticism of any Party; it serves only to establish precisely, without misunderstanding, what the Parties already know.

Article 8 — ASSIGNMENT OF RIGHTS

8.1 To remove all doubt, each Confirming Party, if and to the extent that they hold or may be considered to hold any right in the Work, **assigns to the Author** by this Agreement, fully, irrevocably and unconditionally, all of their right, title and interest in the Work, with effect from the creation of the Work.

8.2 The assignment includes all economic rights under Article 23 of the Law, remuneration rights, and any action, claim or remedy, present or future, in relation to the Work. Consequently, the Author is the sole owner of the assigned rights (Article 37 of the Law); this is a transfer of ownership and not a licence.

8.3 This assignment is final, irrevocable and unconditional, and is not subject to any condition, term or subsequent event.

8.4 Within the meaning of Article 38 of the Law, the assignment specifies:

- **(a) nature and scope of exploitation**: all forms of exploitation known as at the date of this Agreement, as well as the right to authorise or prohibit exploitation by third parties;
- **(b) term**: the entire term of protection under the Law (the author's life plus 70 years, Article 65 of the Law), and in any event the longest term permitted;
- **(c) territory**: the entire territory of the world;
- **(d) remuneration**: as set out in Article 12;
- **(e) conditions and time of payment**: not applicable.

8.5 The Parties have deliberately set the widest scope permitted and agree that any ambiguity shall be construed in favour of the Author, in accordance with Article 38 of the Law.

8.6 The assignment is limited to the existing Work identified in this document. It does not cover future works not yet created (Article 39 of the Law) or uses wholly unknown at the date of the Agreement; any method of exploitation known at that date, and any method deriving from it, is included in the assignment.

8.7 If and to the extent that a Confirming Party is considered a co-author, they waive the exploitation of their share and, by this declaration, their share passes to the Author as the other co-author (Article 9(4) of the Law).

8.8 The assignment includes any right a Confirming Party may have in relation to versions, variants and updates of the Work that derive from the existing Work.

8.9 The assignment includes the right to seek, register and protect any intellectual property right in the Work, in any jurisdiction, in the Author's name.

8.10 Each Confirming Party undertakes to sign any document and to take any reasonable action that the Author may request in order to perfect, evidence or register this assignment.

8.11 The Author accepts this assignment and confirms that it constitutes a valid assignment under the Law, in writing and specifying the scope, term, territory and remuneration.

8.12 If any provision of this Article is declared invalid, the assignment shall stand to the fullest extent permitted by the Law.

8.13 The assignment does not affect the Author's moral rights, which remain his under Article 10.

8.14 No Confirming Party retains any right, licence or residual interest in the Work after this assignment.

Article 9 — WAIVER, NON-CHALLENGE AND ASSIGNMENT OF CLAIMS

9.1 Each Confirming Party irrevocably waives any claim or demand that they have or might have against the Author in relation to the Work, including claims of authorship, co-authorship, ownership, remuneration or compensation.

9.2 Each Confirming Party undertakes not to bring proceedings, not to assist others in bringing proceedings, and not to challenge the Author's claims of ownership of the Work.

9.3 Each Confirming Party assigns to the Author any action, claim and remedy that they hold or may hold in relation to the Work, and authorises the Author to pursue them on their behalf.

9.4 The waiver includes the waiver of any right to challenge the registration, exploitation or transfer of the Work by the Author.

9.5 If any claim of a Confirming Party cannot be waived under law, they undertake not to exercise it and to hold it without effect against the Author.

9.6 The Parties agree that the waiver and non-challenge are given freely and without compensation other than as set out in Article 12.

9.7 The waiver and non-challenge are made in the spirit of preserving good relations and legal certainty for all.

9.8 The waiver does not limit a Party's right to defend itself in a proceeding in which it is the defendant, nor to state the truth in legal proceedings.

Article 10 — MORAL RIGHTS

10.1 The Parties accept that, under Article 22(1) of the Law, moral rights cannot be transferred or licensed, and that this Agreement does not seek to transfer them.

10.2 Each Confirming Party, to the widest extent permitted by the Law, waives any claim to moral rights in the Work and accepts that the Author is recognised as the sole author of the Work.

10.3 Each Confirming Party consents to the Author using, modifying, adapting, publishing, distributing and exploiting the Work in any manner, including by changing it, without restriction on their part.

10.4 The Parties note that the right of regret (Article 21 of the Law) lasts only during the author's life and does not apply to computer programs (Article 44(2) of the Law).

10.5 The Author's moral rights — the right to be recognised as author (Article 19) and the right of integrity (Article 20), as well as the right of first publication (Article 18) — remain his and are protected without limitation in time (Article 64 of the Law).

10.6 The Parties shall not at any time seek to be recognised as authors or co-authors of the Work, nor allow others to present them as such.

10.7 No provision of this Article is to be interpreted as a waiver of moral rights that cannot be waived under the Law.

Article 11 — WARRANTIES AND REPRESENTATIONS

11.1 Each Confirming Party warrants that: (a) the facts they confirm in this Agreement are true to the best of their knowledge; (b) if they make any contribution, that contribution is their original work or they hold all rights necessary to assign it; (c) they have not previously assigned, licensed or encumbered any right claimed to be assigned here; (d) they have disclosed in writing any third-party or AI-generated material relating to the Work; (e) they have full capacity and authority to enter into this Agreement; and (f) they are not under any employment, commission or other obligation that would prevent them or would pass rights in the Work to a third party.

11.2 Each Confirming Party further warrants that they have not entered into any secret agreement, oral or written, that conflicts with this Agreement.

11.3 Each Confirming Party warrants that they have no claim, action or pending proceeding in relation to the Work and are not aware of any such claim by third parties.

11.4 Each Confirming Party warrants that they have not used the Author's confidential information contrary to their obligations.

11.5 The Author warrants that, to the best of his knowledge, the Work is his original work and was created with his own tools and resources, as disclosed in the provenance documentation.

11.6 The Author warrants that he has used third-party components only where they are permissively licensed, and that these components are recorded in the relevant documentation.

11.7 The warranties in this Article remain in force after signature and after the termination of this Agreement.

11.8 A Party is not responsible for the accuracy of statements made by another Party.

11.9 The warranties are interpreted reasonably and do not extend to circumstances beyond the reasonable knowledge of the warranting Party.

11.10 Any breach of the warranties is dealt with under Article 15 (Indemnity).

Article 12 — CONSIDERATION AND BENEFIT RECEIVED

12.1 As consideration for the confirmations, the assignment, the waiver and the obligations under this Agreement, the Author gives each Confirming Party the recognition recorded in their signature, if any, as well as a Symbolic Consideration of one (1) euro, receipt of which the Confirming Parties acknowledge.

12.2 The Parties note, with sincere gratitude, that the fruit of their cooperation has already been shared in full: the experience, the recognition and the prize that the team won and shared together at the hackathon, including

each Confirming Party's share (approximately USD 400). That benefit, together with the recognition and shared experience, is regarded by the Parties as valuable and sufficient, and constitutes the full and final consideration for the confirmations, assignment and waiver under this Agreement. The Parties accept this with gratitude and without further claims.

12.3 The Parties express their gratitude for the shared experience and for the fact that each represented the group in their own way. This document does not seek to diminish the value of that experience, but only to clarify the rights in the Work.

12.4 Apart from the Symbolic Consideration in clause 12.1 and the Participation Benefit already received, there is no other obligation of payment, fee or compensation from the Author towards the Confirming Parties in relation to the Work.

12.5 The Parties note that the Work is a computer program; under Article 44(2) of the Law, the rules on remuneration and revision (Article 40(4) and Articles 41, 42 and 43) do not apply to authors of computer programs. For this reason, the consideration set out in this Article is final.

12.6 The Parties accept that the consideration and the Participation Benefit are fair and voluntary and fully reflect the Parties' free will.

12.7 Receipt of the Symbolic Consideration and the Participation Benefit creates and implies no further right for the Confirming Parties in the Work.

12.8 Any subsequent claim for additional consideration in relation to the Work is excluded, to the widest extent permitted by the Law.

12.9 The Parties declare that their relationship has always been non-financial, based on voluntary cooperation and the shared experience.

12.10 No provision of this Article is to be interpreted as a denial of gratitude for, or appreciation of, the shared experience.

Article 13 — CONFIDENTIALITY

13.1 Each Party keeps the Confidential Information confidential and does not disclose it to third parties without the Author's prior written consent.

13.2 Each Party uses the Confidential Information only for the purposes of this Agreement and protects it with at least the same care that it uses for its own confidential information, and in any event with reasonable care.

13.3 Clauses 13.1 and 13.2 do not limit disclosure: (a) to the Party's own Professional Advisers, who are bound by confidentiality; (b) required by law, by a court or by another authority; or (c) of information that is publicly known or that the Parties are entitled to disclose.

13.4 The Parties note that the disclosure of Confidential Information to third parties, including through AI Tools or other services, is treated as a disclosure to a third party and requires prior written consent, except for technical measures necessary for the Author's development of the Work.

13.5 A breach of this Article does not affect the validity or continuing effect of the confirmations, assignment, waiver or obligations in this Agreement. The remedy for such a breach is compensation for proven loss, and not the loss of any right under this Agreement.

13.6 This Article does not limit the Parties' rights over their own personal data under the Law.

13.7 The Parties shall not disparage one another in relation to the Work; this does not limit the right to state the truth in legal proceedings.

13.8 The confidentiality obligations survive the termination or expiry of this Agreement.

13.9 The Parties accept that Confidential Information is protected by reasonable means and that protection does not extend to information that is publicly known or that the Parties are entitled to disclose.

Article 14 — PERSONAL DATA PROTECTION AND PRIVACY

14.1 The Parties process personal data relating to this Agreement in accordance with Law No. 06/L-082 on Personal Data Protection.

14.2 Personal data (names, addresses, signatures and contact details) are used only for the conclusion, performance and proof of this Agreement.

14.3 No Party uses another Party's personal data for other purposes without that Party's consent.

14.4 Each Party retains personal data only for as long as necessary for the purposes of this Agreement or as required by law.

14.5 The Parties maintain the confidentiality of personal data and do not disclose it without a legal basis or consent.

14.6 Each Party has its rights over personal data under Law No. 06/L-082 and may exercise them under that law.

Article 15 — INDEMNITY

15.1 Each Confirming Party indemnifies and holds the Author harmless from any loss, damage, cost or third-party claim arising from a breach of the warranties in Article 11 or from any claim by that Party to rights in the Work contrary to this Agreement.

15.2 The indemnity includes proven losses, reasonable legal costs and other reasonable expenses arising from the breach.

15.3 The Author is not required to pay compensation to the Confirming Parties for his use of the Work in accordance with this Agreement.

15.4 Each Party notifies the other Party without delay of any third-party claim that may lead to indemnity.

15.5 The indemnity obligation does not cover losses caused by the reasonable failure to act of the indemnified Party.

15.6 This obligation survives the termination or expiry of this Agreement.

15.7 Any indemnity follows the principle of proven loss and is not punitive.

Article 16 — FURTHER COOPERATION AND ADDITIONAL DOCUMENTS

16.1 Each Confirming Party, on request and at the Author's expense, promptly signs any further document and takes any reasonable action necessary to give full effect to this Agreement.

16.2 Such actions include, without limitation, signing documents to perfect, evidence or register the assignment of any right.

16.3 The Parties cooperate in good faith to give effect to this Agreement.

16.4 The actions in this Article are reasonable and do not impose unreasonable financial or personal obligations on the Confirming Parties.

16.5 If a Confirming Party cannot sign, they give written authorisation for the Author to act on their behalf for that purpose.

16.6 The Author retains any such further document as evidence of the assignment and of the cooperation.

16.7 This Article does not require any Party to perform acts not directly related to the Work or to this Agreement.

Article 17 — FREE CONSENT, NO PRESSURE AND INDEPENDENT ADVICE

17.1 Each Party confirms that they have read and understood this Agreement and sign it freely and of their own free will.

17.2 Each Confirming Party confirms that they had a reasonable opportunity to obtain independent legal advice before signing.

17.3 Each Party accepts that they have not relied on any statement or promise outside this Agreement, and that this Agreement is concluded without threat (Article 45 of the Law on Obligations), essential error (Article 46), fraud (Article 49) or undue influence.

17.4 No Party has been placed under pressure, coerced or threatened in order to sign this Agreement.

17.5 Each Party confirms that no hidden or unlawful benefit was promised for signing.

17.6 The Parties accept that they had sufficient time to review the Agreement and to seek clarification.

17.7 If a Confirming Party does not wish to sign, this Agreement does not compel them and signing always remains voluntary.

17.8 Each Party accepts that this Agreement does not constitute legal advice to that Party, who is responsible for obtaining their own advice.

Article 18 — GOOD FAITH, NON-DISPARAGEMENT AND PRESERVING RELATIONSHIPS

18.1 The Parties undertake to act in good faith, with respect and fairness, in any action relating to this Agreement.

18.2 The Parties shall not disparage, defame or make public statements that harm one another's reputation in relation to the Work.

18.3 This obligation does not limit a Party's right to defend itself in legal proceedings or to state the truth before a competent authority.

18.4 The Parties undertake to resolve any misunderstanding relating to this Agreement through direct, good-faith dialogue.

18.5 The Parties preserve their good relations and friendship, whatever paths they take.

18.6 This Article does not require anyone to maintain a relationship they do not wish to maintain, but only to act respectfully and without harm.

Article 19 — RELATIONSHIP OF THE PARTIES

19.1 Nothing in this Agreement creates a partnership, joint venture, agency, employment or fiduciary relationship between the Parties.

19.2 No Party has authority to act on behalf of, or bind, another Party.

19.3 This Agreement does not affect the Parties' friendship or personal relationships.

19.4 The rights and obligations of this Agreement create no proprietary relationship between the Parties other than the assignment of rights in the Work.

19.5 No Party may claim a share in the future profits of the Work other than as set out in Article 12.

Article 20 — ENTIRE AGREEMENT, AMENDMENTS AND SEVERABILITY

20.1 **Entire agreement.** This Agreement constitutes the entire agreement between the Parties on its subject matter and replaces any previous understanding, oral or written, regarding the rights in the Work.

20.2 **Amendments.** Any amendment to this Agreement is made only in writing and is signed by the Parties.

20.3 **Partial invalidity.** If any provision is declared invalid or unenforceable, the remainder stays in force and the affected provision is replaced by a provision as similar as possible in effect, so as to give the Author the widest scope of assignment permitted by the Law.

20.4 **Waiver.** Failure to exercise a right does not amount to a waiver of that right.

20.5 **Assignment.** No Party may assign their rights and obligations under this Agreement without the Author's written consent, except the Author, who may assign his rights freely.

20.6 **Effectiveness.** This Agreement takes effect on the date it is signed by at least the Author and one Confirming Party.

Article 21 — NOTICES

21.1 Notices are sent to the Parties at the addresses stated in this Agreement or at their last known address.

21.2 A notice by email is deemed received on the day of sending, provided it is not returned as undeliverable.

21.3 Notices on significant legal matters are made in writing and, where possible, also sent by registered post.

21.4 Each Party notifies the others of any change of address within a reasonable time.

21.5 Notices under this Article do not replace the formal requirements for the assignment of rights under the Law.

Article 22 — TERM AND SURVIVAL

22.1 This Agreement takes effect on the date of signature and remains in force until its purposes are fulfilled.

22.2 The provisions on confidentiality, warranties, indemnity, cooperation, personal data and governing law remain in force after the termination or expiry of this Agreement.

22.3 The assignment of rights and the waiver are irrevocable and remain in force without limit in time.

22.4 The termination of this Agreement does not affect rights previously acquired by the Author.

22.5 No provision of this Agreement expires for as long as the protection of the Author's rights in the Work continues.

Article 23 — COSTS AND TAXES

23.1 Each Party bears its own costs in relation to this Agreement, except where the Agreement provides otherwise.

23.2 The costs of notarisation and registration, where undertaken in the interest of the Work or of the Author, are borne by the Author.

23.3 Each Party is responsible for its own tax obligations under the law.

23.4 The Symbolic Consideration and the Participation Benefit do not create additional tax obligations falling on the Author in relation to this Agreement.

Article 24 — LANGUAGE, COUNTERPARTS AND ELECTRONIC SIGNATURE

24.1 This Agreement is drawn up in the Albanian language, which is the governing language. Any translation is for reference only.

24.2 This Agreement may be signed in several counterparts, each of which is considered an original.

24.3 Electronic signatures and scanned signatures are accepted and have the same value as a handwritten signature.

24.4 The Parties may exchange scanned copies or electronic signatures, which have the same evidentiary value.

24.5 The Albanian-language version is kept as the official version, and any version in another language is interpreted consistently with it.

24.6 In case of discrepancy between language versions, the Albanian-language version prevails.

Article 25 — GOVERNING LAW AND DISPUTE RESOLUTION

25.1 This Agreement is governed by the laws of the Republic of Kosovo.

25.2 Matters not regulated by this Agreement are governed by the Law and, in its absence, by the Law on Obligations (Article 40(7) of the Law).

25.3 The Parties agree that any dispute arising from this Agreement shall be resolved first through good-faith negotiations.

25.4 If the negotiations do not reach a result within thirty (30) days, the Parties may seek voluntary mediation before turning to a court.

25.5 In the absence of an agreed resolution, the Parties submit to the exclusive jurisdiction of the competent courts in Prishtina, Republic of Kosovo.

25.6 For intellectual property matters, the competent courts under the Law have jurisdiction.

25.7 No provision of this Article prevents the Author from seeking interim measures or urgent legal protection.

Article 26 — GENERAL PROVISIONS

26.1 This Agreement is interpreted as a whole, without isolating any provision from its context.

26.2 Headings are for convenience only and do not affect interpretation.

26.3 References to the "Parties" include their heirs and legal successors, as appropriate.

26.4 Any right not expressly granted remains with the relevant party, except those expressly assigned in Article 8.

26.5 If any provision of this Agreement turns out to be incompatible with the Law, it applies to the widest extent permitted and the remainder stays in force.

26.6 This Agreement does not limit the rights that the Law recognises for the Author independently of this Agreement.

Article 27 — EVIDENCE AND RECORD-KEEPING

27.1 The Parties accept that this document, together with the provenance documentation, serves as evidence of authorship and of the assignment of rights.

27.2 The Author retains the provenance documentation, the development history and the relevant records as evidence of the creation of the Work.

27.3 Each Party cooperates, on reasonable request, to confirm the authenticity of this document.

27.4 Signatures may be certified before a notary under Law No. 06/L-010 on Notaries, with strong evidentiary value.

27.5 The Author may use timestamping or other records to prove the date of creation and of changes to the Work.

27.6 This Article creates no additional payment obligation for the Confirming Parties.

Article 28 — SIGNATURES, ACKNOWLEDGEMENT AND PROOF

28.1 The Parties may certify or legalise their signatures before a notary under Law No. 06/L-010 on Notaries; a notarised deed has strong evidentiary value and is directly enforceable (Article 43 of that law). Notarisation is optional.

28.2 If a Party signs outside Kosovo, their signature may be accompanied by an apostille under the Hague Convention.

28.3 The Parties express their gratitude for the shared experience during the hackathon and wish further success to the Work and to each of them on their own path.

28.4 This document is confirmed in the spirit of understanding and mutual respect that characterises the Parties' cooperation.

28.5 The Parties declare that this document is drawn up for the purposes of clarity and legal certainty, and not for the purpose of blame or harm.

28.6 The signing of this Agreement does not affect the friendship and mutual respect between the Parties.

SIGNATURES

Each Party signs only their own block and, by signing, confirms that they have read, understood and accept the contents of this Agreement, and that the confirmations and the assignment of rights are made freely and in a spirit of understanding.
